

Hello Neighbors,

As many of you know, we are starting up a Heart Safe program in the legends. You will shortly receive a letter from Stratford with a brief explanation of the program and a form which we are asking you to fill out, either opting-in or opting-out and to send it back to us within 2 weeks. If we don't hear from you in that period we will try to contact you either by phone or email. If you still have a question about the program email Dick Huberty or Kristy Begun and we will try to answer your question.

Thanks

Kristy Begun
